TRANSFORMATIVE SUPPLIERS

26 - 27 MARCH, 2025
Punta Arenas - Chile

TRANSFORMING AQUACULTURE FROM
PATAGONIA

www.aquasurtech.cl / www.aqua-sur.cl

ORGANIZA

CO - ORGANIZA

FISA S.A. of the GL Events Group and the Magallanes Salmon Farmers Association,

Invite you to Aquasur Tech 2025, second edition of this event that will bring together again in the Chilean Patagonia to transformational suppliers of the aquaculture industry to address the challenges proposed by the development of aquaculture in dialogue with environmental requirements, social commitment and governance structures within the framework of ESG reporting and sustainability-oriented innovation (SOI).

NUMBERS AQUASUR TECH 2023

What is the seal, mission and vision of AQUASURTECH 2025?

- Its SEAL is to propose a space for the exchange of needs and technological solutions and linkages for a harmonious existence with the interests of regional development.
- Its VISION is to articulate spaces for transformation and change management for the region and to articulate a platform that allows key actors to interact.
- Its MISSION is to merge all entities involved in regional development.

• REGIONAL GOALS - MAGALLANES

Recognition of the city as a hub for international business and innovation for the coexistence of productive activities such as aquaculture, tourism and fishing with conservation based on scientific knowledge and cutting-edge technologies, as well as transdisciplinary networking.

Linking with suppliers and promoting business with local small business and start ups in a network with academia and industry (Enabling Networks).

Promotion of Punta Arenas as a Business Tourism Destination

Who do we invite from the region?

- Our MISSION is to gather all entities involved in the development of the area such as regional government, municipalities, mayors, universities, public institutions (Corfo - Seremi - Navy), aquaculture associations, energy, tourism, chamber of commerce, start up, incubators, small and medium enterprises, etc.
